

CONSTRUCTION – Stage 6

CPC20220 Certificate II in Construction Pathways

This qualification provides a pathway to the primary trades in the construction industry with the exception of plumbing. Trade outcomes are predominantly achieved through an Australian Apprenticeship and this Certificate II allows for inclusion of skills suited for entry to off-site occupations, such as joinery and shop fitting as well as carpentry, bricklaying and other occupations in general construction.

This Certificate II is designed to introduce learners to the recognised trade callings in the construction industry and provide meaningful credit in a Construction Industry Australian Apprenticeship.

This course is competency based and the student's performance is assessed against prescribed industry standards.

Unit Value	2 unit Preliminary 2 unit HSC	240 hrs	Work Placement	Mandatory 70 hours
Specialisation	SBATs Only - must be employed as School Based Apprentice		SBAT	Opportunity to complete a School Based Apprenticeship or a Traineeship and gain credit towards the HSC
HSC Exam	Yes	ATAR	Yes	Recognition
				National AQF and HSC Qualification

Example of Competencies.

Unit Code	Unit Title	Unit Code	Unit Title
CPCCOM1012	Work effectively and sustainably in the Construction Industry	CPCCB2001	Handle and prepare bricklaying and blocklaying materials
